

READY TASTY HEALTHY

COMPANY PROFILE

V Foods (Thailand) Co., Ltd. was founded on February 20th, 2014 by Mr. Apirak Kosayodhin, one of Thailand's most outstanding and experienced executives in both private and public sectors, with the strong vision to lead the company to become Asia's leading food and beverage company by applying innovation to serve the customers' needs in health concerns and social responsibility.

The company strongly focused on innovation as well as research and development of the Golden Sweet Corn which is very popular for its sweetness and nutrition.

Many years of dedication and determination for V Foods Innovation LAB has successfully taken the company to top as the leader of a Ready-to-eat corn and Corn Milk in the market under the brand V Corn and earns number 1 market share in Thailand.

Another pride of the company is Contract Farming where the company educates growers on the modern agriculture technology and emphasizes on a good quality control. As a result, more than 1000 families of farmers and growers in the project have better standard of living and sustainable income.
