

Product Presentation - Retail

Sweets™ - Plant Based Cheese

Indulge in Thailand's best melting, greatest tasting, non-dairy cheese! Handcrafted with passion in Chiang Mai, Sweets™ uses strictly certified organic soy beans and says no to artificial ingredients or preservatives to deliver you a rich taste experience which is not only finger-licking good but also healthy.

Our Story

Nick, Founder of Sweets™, was on the search for the perfect plant-based cheese, which shares characteristics of dairy cheese. After the supply wasn't pleasing him, he did extensive R&D and together with his team created Sweets™ - a vegan cheese that truly melts, nicely cuts, grates and shreds. Even though taste was their first objective, sustainability and health is part of their vision. That's why Sweets™ is produced from at least 90% Thai ingredients to keep carbon emissions low. Furthermore, Sweets™ strictly says no to artificial ingredients, keeping their product as unrefined and wholesome as possible.

Our Products

Cheddar - The Favorite

Slice our cheddar on burgers, shred and melt on top of your favorite Mexican food, use it for hot or cold sandwiches, or simply snack it with a cracker.

Mozzarella - The Classic

When it comes to pizza or any Italian dish from lasagna to ravioli, it's time for our unique tasting and best melting Mozzarella. Also great cold in salads, with a cracker or on a cheese board.

Swiss Style - The Signature

Our signature Swiss Style is the perfect cheese for hot sandwiches, burgers, paninis, wraps, and also any oven dish or finely grated over pasta.
