CATALOGUE

# NASREEN

“ Nasreen has brought out the local culture and tradition into a product of crispy fish crisp under the name of Nasreen brand. The quality of the products are manifestly qualified by the Food and Drug Administration in Thailand and we also export our products to the neighboring countries as well. Nasreen has chosen Mackerel as our main ingredient because Mackerel has more nutrients and higher proteins compared to other types of fishes. We use approximately 60% of the meat into the fish crisp; other ingredients include cassava starch, sago flour, salt, and sugar. ”

# Fish Crisp

// The flavors from our precious history and legacy have turned into authentic recipes that the local people of Langkasuka, Pattani (the southern province of Thailand) pass on for more than 100 years. Expressing the value of our unique, traditional, and classical Thai cuisine. //
