

Benefits of Curcuminoid in turmeric

- Reduce your chances of getting cancer. Free Radical is one of the causes of cancer, especially skin cancer and colon cancer. At the very least Curcuminoid contains anti-oxidant 50 times more than vitamin E, which helps to reduce chances of getting cancer
- Chemicals and pesticides such as DDT (Dichlorodiphenyltrichloroethane) and Dioxin are another cause of cancer. With Curcuminoid protection, these chemicals will difficultly enter to our bodies
- Increase efficiency of cancer treatment, especially on a patient who receives chemotherapy treatment by protecting the good cells and increasing the efficiency of the treatment
- Keep the skin healthy and prevent skin diseases, especially the ringworm disease caused from fungal
